

Power Tower Ecolift

Push Around Lift

STANDARD FEATURES

As part of the Eco range the Ecolift still harnesses the same ECO friendly revolutionary 'Patented Stored Power System' as the Pecolift but at 4.2m offers almost a metre extra in working height.

With no batteries (to charge and look after) and no hydraulic oil, the Ecolift is truly an Eco friendly solution. We call it 'Non-Powered, Powered Access'.

- Intuitive to operate - turn handle to elevate
- Patented* lift mechanism, no power required
- Lightweight, easy to manoeuvre
- Small footprint (1.28m x 700mm)
- Unlimited lift cycles, can be used 24/7
- Robust design for years of trouble free service
- Minimal operational costs, virtually maintenance free
- Auto-braked on entering basket
- 'Auto-lock' brake on elevation
- Dead Man's handle
- Fail-safe lifting mechanism

IPAF Category PAV

Do you hold a valid operator's licence?

The PAL Card (Powered Access Licence) is recognised worldwide as proof of platform operator training to the highest standard.

It is issued by the International Powered Access Federation (IPAF) to platform operators who successfully complete a training course at an IPAF approved training centre.

Quick checklist for employers and operators using powered access machines:

- ✓ I have an IPAF PAL card.
- ✓ Date is still valid (Licence expires after 5 years).
- ✓ All categories for the machine's being used are listed on the PAL card (e.g. 3a, 3b, PAV).

If you can answer yes to all three, you're good to go!

If not, please call us to discuss your requirements and arrange a training course.

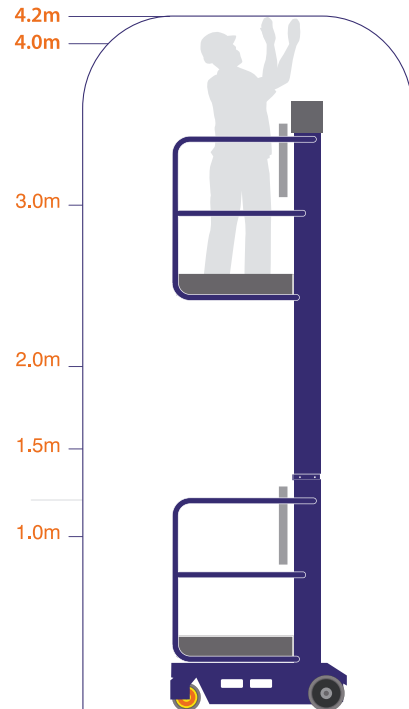

Ecolift

Push Around Lift

Working Dimensions	Pecolift
Maximum working height	4.20 m
Maximum platform height	2.20 m
Stowed length	1.28 m
Stowed width	700 mm
Safe working load (1 person + tools)	150kg
Maximum manual force	200N
Maximum gradient for operation	0 degrees
Maximum wind force (Internal use only)	0 (zero) mph
Maximum wheel force: 234kg	
Maximum castor point load: 234kg (2.29kN)	
Sound pressure level: Less than 70DbA	

Closed Dimensions	Pecolift
Length	1.28m
Width	0.70m
Height	1.94m
Weight	305kg

EASY...

- 1 Step into the machine...
- 2 Simply turn the handle...

Gone are the days of climbing steps or podiums,
no more slips, trips or having to balance!

FAST...

- 3 and elevate to your working height.

Stop wherever you want
up to 4.2m working height.
