- Full fail-safe hydraulic circuit
- Auto-Lock wheels
- Options: 110v or 230v mains power
- Tilt alarm with auto cut-out
- Tool Tray

IPAF Category PAV

Do you hold a valid operator's licence?

The PAL Card (Powered Access Licence) is recognised worldwide as proof of platform operator training to the highest standard.

It is issued by the International Powered Access Federation (IPAF) to platform operators who successfully complete a training course at an IPAF approved training centre.

Quick checklist for employers and operators using powered access machines:

- ✓ I have an IPAF PAL card.
- ✓ Date is still valid (Licence expires after 5 years).
- ✓ All categories for the machine's being used are listed on the PAL card (e.g. 3a, 3b, PAV).

If you can answer yes to all three, you're good to go!

If not, please call us to discuss your requirements and arrange a training course.

Nano

Electric Lift (Push-Around)

Working Dimensions	Nano
Maximum Working Height	4.50m
Maximum Platform Height	2.50m
Closed Platform Height	0.36m
